**IN THE DISTRICT COURT OF THE UNITED STATES FOR THE DISTRICT OF COLUMBIA**

The screenshot displays the 'Info Manager' application window in Windows 95. The window features a standard menu bar (File, Edit, Format, Tools, Window, Help) and a toolbar with various icons. The main workspace is divided into three sections: a 'Welcome' message on the left, a 'Calendar' view for January 1995 on the right, and a 'Contact' list at the bottom. The 'Contact' list has columns for Name, Address, Phone, and Fax, but it is currently empty. The status bar at the bottom indicates the time as 10:47 AM.

Figure 4: The xSlides™ Portal can contain any html-based image or application. Below are generic examples of an electronic programming guide and personal information management systems.
